

The best business phone system for the automotive industry.

Auto shops and dealerships need to stay connected and responsive to keep customers happy. Whether scheduling appointments, providing estimates, or coordinating with part suppliers, Ooma Office manages calls better whether you are working at the service counter, repair shop, or out of the office.

Ooma Office, the #1 rated business phone service, provides the best value for automotive companies.

✓ **24 x 7 Virtual Receptionist directs calls, provides helpful information.**

Ooma's virtual receptionist greets callers and provides answers to common questions when you are busy talking to customers, working in the service garage or it's after business hours. Your customers reach the right team member in one or multiple offices. Build menu options such as: Press 1 to reach the company directory, Press 2 for billing, Press 3 for hours of operation. It's flexible and easy to update to fit needs.

✓ **Never miss a business opportunity when out of the office.**

Ooma's mobile app enables you to use your business number anywhere. Incoming calls are easily identifiable so you know which calls are personal and which are business. You can flip an active call from your desk phone to your mobile phone when you need to continue a conversation when walking out the door. And your voice mails appear in your in-box for quick and easy listening and call-back.

✓ **Simultaneously ring numerous team members.**

With Ooma Office, you can create customized ring groups that simultaneously ring specific associates whether they are in your office or out in the field.

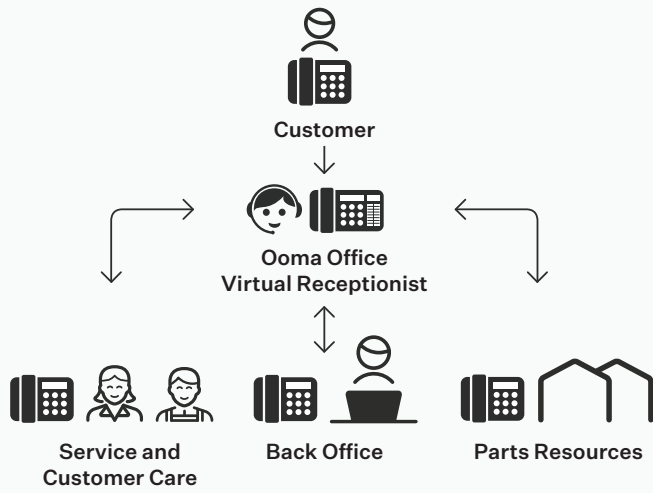

✓ **Free toll-free and local numbers.**

Eliminate long distance charges on calls between locations. Enjoy free unlimited calling to Canada, Mexico and Puerto Rico, with low international calling rates to other countries. Free fax numbers enable you to fax multiple documents simultaneously.

Five Star Auto Center

“ We were with our local phone company and it was limiting. Ooma just made sense. Saved us money, gave us more productivity and the ability to get calls we were missing. The mobile app enabled us to receive phone calls and faxes on our mobile phones, which made us a lot more accessible to our customers. Now with Ooma Office, I can scan documents and sign them right on my smart phone. I'm not often at my desk; we are on our feet, running around – so getting voicemail to email on my smartphone is fantastic. If I'm at home and I receive a voicemail, it goes straight to my smart phone so I can handle an afterhours emergency or issue right then. ”

– Kieren Griffen, General Manager

Automotive team members stay connected to clients.

When customers call to check on the status of their cars, request an estimate, schedule a service appointment, or pay an invoice, their calls are answered immediately. It takes just seconds to park or transfer a call to the right staff members so your customers have a great service experience, which builds loyalty and referrals. You eliminate big bills with surprise add-ons or complicated, inflexible systems that don't serve you or your customers. And Ooma provides highly rated 24x7 support if you ever need it.

With Ooma Office, you get all the business phone features that are perfect for meeting the daily balancing act of managing your customers and your automotive firm. You always get clear, flexible, reliable communications that save money at one or multiple offices.

Ooma Office offers three service plans to meet a variety of business needs. Pricing is all-inclusive with no surprise add-ons or setup fees.
